

LinkRunner® Wireline Testers Product Comparison

DO YOU NEED?	LinkRunner AT-2000	LinkRunner G2	LinkRunner 10G
Cable Test + Wiremapping	•	•	•
Test cable with open while connected to the switch		•	•
Multi-Gig Cable SNR Measurement			•
Verify Link Speed/Duplex – 10M, 100M, 1G	•	•	•
Verify Link Speed/Duplex – Multi-Gig (2.5, 5G), 10G			•
Load-Test PoE Power from PSE (Class range)	30W (0-4)	90W (0-8, UPOE)	90W (0-8, UPOE, injector)
Test PoE Injectors Voltage		•	•
Switch Test (xDP/LLDP)	•	•	•
Test and monitor VLAN trunk ports		•	•
Test to IP Targets (PING/TCP CONNECT)	10	Unlimited	Unlimited
Network Performance Test	Reflect 1G	Reflect 1G	App Controller 1G → 10G
LANBERT™ Media Qualification		Reflect 1G	App Controller 1G → 10G
DNS Lookup Response Time			•
Control the depth of AutoTest with “Stop After”		•	•
Capture packets and escalate		Up to 1 Gbps	Up to 10Gbps
Run Android apps to perform complete workflows		•	•
Document tests with built-in camera and scan barcode		•	•
HTTP/FTP Service Test – End User Response Time			•
Network & Device Discovery			•*
Path Analysis			•*
Network Topology Mapping			•*
Web Remote Control		With 3 rd Party Apps	•*
Wi-Fi Connectivity		Via USB-A Adapter	Via USB-A Adapter
Basic Wi-Fi Visibility		Via 3 rd Party Apps	Via 3 rd Party Apps

*AllyCare-Enabled Feature
